

## Project List 2011

| PROJECT NO. | CLIENT                            | CONSULTANT | PROJECT   | GENERAL DESCRIPTION OF WORKS  |
|-------------|-----------------------------------|------------|---|---|
| 1           | Sara-Chem Sdn Bhd                 |            | Mild steel Navigational Buoy for Marine Base  | Supply and fabricate 3050mm $\phi$ x 5450mm overall height mild steel navigational buoy, comprising of buoyancy chamber counterweight, manholes, lifting and mooring eyes, battery compartment, trestles shoes and trestle, all shot blasting to SA 3 and painted with 3 coats marine grade epoxy paint |
| 2           | Hock Seng Lee Berhad              |            | Mild steel plate to pipe casing   | Supply of labour and equipment for rolling of mild steel plate to pipe casing including of prebending and one longitudinal weld   |
| 3           | Ban Leong Enterprise Sdn Bhd      |            | 6m Street Lighting Column   | 6m nominal mounting height 1.2m planted galvanised tapered octagonal steel street lighting column c/w c-channel (100mm x 50mm x 3mm thk) to mount spot lights   |
| 4           | Electrical Electrical Co. Sdn Bhd |            | 11m and 9m hot-dip galvanised standard high tensile pole for BELB Talian Grid Negeri Sarawak Tahun Zon Tiga Sarikei & Kapit)          | 11m and 9m hot-dip galvanised standard high tensile pole  |
| 5           | Hydroicon                         |            | 6m Street Lighting Column   | 6m nominal mounting height 0.8m planted galvanised tapered octagonal steel street lighting column c/w single short arm  |
| 6           | Electronic Electrical Co. Sdn Bhd |            | 11m High tension pole and 9m Low Tension Pole for BELB Talian Grid Negeri Sarawak Tahun Zon Tiga(3) Tahun 2010-2011 (Sarikei & Kapit) | Hot Dip Galvanised 11m High Tension Pole, 11m High Tension H-pole, 9m Low Tension pole  |
| 7           | Sabah Electricity Sdn Bhd         |            | Steel pole to Sabah Electricity Central Store Kolombong, Kota Kinabalu  | Supply and delivery of LT pole intermediate, 31ft, HT pole intermediate 33ft, HT pole terminal 33ft   |
| 8           | MEMC Electronic Materials, Inc.   |            | Steel beams for crane system, filter platform and 1 ton crane girder for MEMC Merdeka Project at Samajaya Industrial Zone             | Supply, fab, painting, delivery and installation of:- (1) steel beams for cranes system and provision of labour & equipment for installation of 2 units crane griders and crane hoists.(2) Filter Platform (3) 1 ton crane girder inclusive of hoist motor c/w JKKP approval                            |

|    |                                 |  |  |
|----|---------------------------------|--|--|
| 9  | Sabah Electricity Sdn Bhd       | Steel pipe and teekay coupling to Mini Hydro Melangkap, Kota Belud, Sabah  | Supply, test inspection, delivery and transportation of steel pipe and teekay coupling   |
| 10 | Shorefield Sdn Bhd              | 9m hot-dip galvanised low tension pole   | Supply 9m hot-dip galvanised standard low tension pole   |
| 11 | Chiyoda Sarawak Sdn Bhd         | Steel Structure Fabrication (Package -E) for TMP Project, Bintulu  | Package E: General Utility Area Inland transportation charge and insurance up to delivery to project jobsite in Bintulu including unloading. Application of painting material brand Kansai Paint, Documentation and inspection charges |
| 12 | Esajadi Power Sdn Bhd           | 1.8m ID x 8mmthk x 6m(L) mild steel bare pipe for Sg Pangapayaun Mini Hydro Power Plant Kota Kinabalu  | Supply and delivery of 1.80m ldx 6mmthk x 6m (L) Ms bare pipe FOB Kuching Port   |
| 13 | MEMC Electronic Materials, Inc. | Pipe support   | Supply, fabricate, painting, delivery and installation of pipe support   |
| 14 | Persafe Engineering Sdn Bhd     | 508mmØ OD x 9.5mm thk Spiral Pipe Grade 43A x 12m (L) for The Baram River Project, Baram   | Supply of 508mmØ OD x 9.5mm thk Spiral grade 43A x 12m (L)   |
| 15 | KKB Industries (Sabah) Sdn Bhd  | Mild steel structure for Solar Panels for Projek Bekalan Elektrik Luar Bandar (BELB) Sistem Solar HIBRID Negeri, Sabah Bagi Tahun 2010 by Kinabalu Power Sdn Bhd   | Supply only galvanised Mild steel structures for Solar Panels (Type 7 and Type 5)  |
| 16 | Hock Seng Lee Berhad            | Supply of labour and equipment for rolling of 20mm thk x 2438mm x 9144mm(L) steel plate to 2950Ø pipe casing inclusive of prebending one longitudinal weld (25pcs) | Supply of labour and equipment for rolling of 20mm thk x 2438mm x 9144mm(L) steel plate to 2950 Ø pipe casing inclusive of prebending one longitudinal weld (25pcs)  |
| 17 | KKB Builders Sdn Bhd            | Proposed Earthworks for OMM Plant at Samalaju Industrial Park, Bintulu, Sarawak.   | Earthworks for OMM Plant at Samalaju Industrial Park, Bintulu, Sarawak.  |
| 18 | KH Communication Sdn Bhd        | Highway Guardrail for Jalan Kpg Stakan Melayu, Kota Samarahan  | Supply of Hot-dip galvanising guardrail 4318mm overall length c/w accessories  |
| 19 | Global Upline Sdn Bhd           | Highway Guardrail for relocation of existing TUDM, Kuching (TUDM) Project  | Supply of Hot-dip galvanising guardrail 4318mm overall length c/w accessories  |
| 20 | Naim Land Sdn Bhd               | Enhancement of Raw Water Storage / Safe Yield Across Sungai Sarawak Kiri, Bengoh   | Structrural Steelworks for Enhancement of Raw Water Storage / Safe Yield Across Sungai Sarawak Kiri, Bengoh  |

|    |                             |  |  |
|----|-----------------------------|--|--|
| 21 | Eastdeal Sdn Bhd            | Petronas 4,000IG mild steel flat ended diesel skid tank  | Supply,fabricate,painting and delivery of Petronas 4,000IG mild steel flat ended diesel skid tank c/w standard accessories   |
| 22 | Cahaya Mata Sarawak Berhad  | Proposed Permanent Storage Shed for PA Material at CMS Pending Plant for CMS Cement Sdn Bhd Sarawak  |  |
| 23 | Laksana Wibawa Sdn Bhd      | The Projek Membina Dan Menyiapkan Bekalan Air Luar Bandar (BALB) for Wilayah Serian, Samarahan,Sarawak   | Supply of 900ND MSCL pipe & pipe fittings  |
| 24 | LNG Enterprise              | Supply steel pipe pile for the Proposed 2 nos additional Fenders (North Bank Side) to existing Fending System at Pusa Ferry Ram, Betong Division, Sarawak.                       | Supply 900m OD x 16mm thk x 12m (L) steel pipe pile inclusive one layer 200 micron coal tar epoxy  |
| 25 | Pembinaan Kuantiti          | Supply of 800 nd/813 od x 7.1thkx 9.3m(L) s/s MSCL pipe  | Supply of 800 nd/813 od x 7.1thkx 9.3m(L) s/s MSCL pipe  |
| 26 | Shorefield Sdn Bhd          | Supply of hot-dip galvanised Low Ttensile/ High Tensile Pole as per SESCO specification  | Supply of hot-dip galvanised Low Ttensile/ High Tensile Pole as per SESCO specification  |
| 27 | Laksana Wibawa Sdn Bhd      | The Projek Membina Dan Menyiapkan Bekalan Air Luar Bandar (BALB) for Entingan Samarahan,Sarawak  | Supply of MSCL pipe & pipe fittings  |
| 28 | CMS Infra Trading Sdn Bhd   | Proposal for dismantling and reinstallation of the existing guardrai along FAC Road (Non-commercial Road, Kuching)   | Supply and fabricate of guardrail post and 178x76x6x360mm packing piece including all necessary bolts & nuts   |
| 29 | Hock Seng Lee Berhad        | Supply only MSCL pipe and fitting for Jalan Song Project   | Supply of 650 ND/660 OD x 30° and 45° bend, 650 NDE/660 OD collar,flange   |
| 30 | Laksana Wibawa Sdn Bhd      | Additional cost for zinc metallizing work on MSCL pipe and pipe specials for Project Membina Dan Menyiapkan Bekalan Air Luar Bandar (BALB) for Wilayah Serian Samarahan, Sarawak | Additional cost for zinc metallizing work on MSCL pipe and pipe specials   |
| 31 | Group Engineers (M) Sdn Bhd | Proposed Double Storey Office Cum Light Industrial On Lot 1241, Block 8, MTLD at Demak Laut Industrial Estate Phase 11A, Jalan Bako, Kuching.                                    | Supply,fabricate,painting,delivery and installation of structural steel works inclusive of preparation of shop drawings,blasting to SA 2.5 using steel shot and painting 3 costs system) |

## Project List 2010

| PROJECT NO. | CLIENT  | CONSULTANT      | PROJECT  | GENERAL DESCRIPTION OF WORKS   |
|-------------|---|-----------------|--|--|
| 1           | CMS Clinker Sdn Bhd                                     | Perunding SL    | Contract No: CNTR/CLKR/10/965: - Proposed steel structure and equipment installation for Bucket Elevator Kiln Feeding System at CMS Clinker Plant on Lot 571, Block 4, Sentah Segu Land District, Kampung Mambong, Kuching, Sarawak                | Supply,fabricate,delivery of structure steel works   |
| 2           | Edisi Optima Sdn Bhd                                    | Jurutera Minsar | Proposed New Hanger for Awan Inspirasi Sdn Bhd At Miri Airport, Sarawak  | Steel Structure Works and metal roofing  |
| 3           | KKB Industries (Sabah) Sdn Bhd                          |                 | Kompleks Sukan Blok E-1: - Project Cadangan Pembinaan Bangunan KD Sri Tawau, Tawau, Sabah  | Supply, fabricate, hdg, delivery and installation of steel structure   |
| 4           | Pusat Pembangunan Kemahiran Sarawak (PPKS)              |                 | The Proposed Renovation Works to be Done At Automotive & Welding Institute Of Sarawak  | Supply,fabricate,painting,delivery and installation of metalworks 6" vice portable welding bay,6G table                                |
| 5           | Putra Perdana Construction Sdn Bhd                      |                 | Design, Construction, Completion and Commissioning of Proposed Sarawak Energy Berhad (SEB) Headquarters Building On Lot 2833 (Part of Lot 2342), Block 7, Isthmus, MLTD, Kuching, Sarawak  | Supply,fabricate and installation of structural steel works  |
| 6           | Sabah Electricity Sdn Bhd                               |                 | 31feet Intermediate Low Tensile Pole to SESB Central Store Kolombong, Kota Kinabalu, Sabah   | Supply and delivery of 31 feet Intermediate Low Tensile pole   |
| 7           | Jawatan Pembinaan Dewan Serbaguna SJK Chung Hua, Serian |                 | The Proposed Multi-purpose Hall for Chung Hua School on Lot 76, Serian Bazaar, Serian Town District at Simanggang Road, Serian.  | Supply of labours,materials and equipment for fabrication and painting of structural steel works and roof truss for multi-purpose hall |
| 8           | GA Chip Enterprise                                      |                 | Mild Steel plate for Ship  | Supply of 22mm x 8' x 30' Grade ABS mild steel plate   |
| 9           | ASSAR Chemicals Engineering Services Sdn Bhd            | Perunding SL    | Supply and Delivery of Tubular steel pipe piles for The Construction and Completion of The Proposed ASSAR Senari Industrial Complex (ASIC II) Oil, Gas and Chemical (OGC) Jetty and Marine Operation Centre (MOC) at Tanjung Manis, Mukah, Sarawak | Supply and delivery of Tubular Steel Pipe piles  |

|    |  |   |   |
|----|--|---|---|
| 10 | Hock Seng Lee Bhd                        | Supply of mild steel casing   | Supply of labour and equipment for rolling of mild steel plate to pipe casing inclusive of prebending and one longitudinal weld   |
| 11 | Nam Joon Trading Sdn Bhd                 | 6000IG capacity Mild Steel Underground Tank   | Supply of 6000IG capacity single wall, single compartment mild steel flat ended underground tank c/w one coat bituminous paint to external surface                          |
| 12 | CMS Clinker Sdn Bhd                      | Proposed Grinding Ball Sorting Machine (Media) for CMS Cement Pending, Plant  | Supply,fabricate,painting,delivery,installation, testing and commissioning of Mild Steel Grinding Ball Sorting Machine Complete with Mechanical and Electrical installation |
| 13 | CH2M Hill Malaysia Sdn Bhd               | Package 398615-4001 -The Structural Steel Works for The Proposed MEMC Merdeka Project at Samajaya Free Industrial Zone, Kuching                                     | Supply,fabricate,shot blasting,delivery and installation of steel structure   |
| 14 | Sri Datai Construction (Sarawak) Sdn Bhd | The Proposed Quarry Plant Project At Gunung Sibanyis On Lot 246, Block 5, Sentah Segu Land District, Kuching Division, Sarawak                                      | Supply, fabricate, deliver and install for steel structural works and roof covering   |
| 15 | AWI Builder Sdn Bhd                      | Program Menilai, Membaiki/Menggantikan Jambatan di Jalan Persekutuan Negeri Sarawak (Fasa 2) - Package A :The Proposed Batu Kawa Bridge Extension Kuching Division. | Supply, fabricate, painting,delivery and installation of composite 1-beam and miscellaneous works   |
| 16 | CMS Quarries Sdn Bh                      | Contract No: CNTR/1310/010/967 - The Proposed new 350 TPH Crushing Screening and Stockpiling Plant At Gunung Sibanyis, Jalan Mambong Kuching                        | Supply of all materials, labour,tools,machinery and equipment to Fabricate, Erection, installation,testing and commissioning  |
| 17 | Borneo Geotechnic Sdn Bhd                | Hot-Rolled Steel reinforcement bar for MEMC Project at Samajaya Industrial Zone, Kuching  | Supply of hot rolled steel reinforcement bar  |
| 18 | Global Upline Sdn Bhd                    | Membina Jalan Hubungan Lapangan Terbang Antarabangsa Kuching/Stutong,Kuching (Phase 2) - Mild steel Bridge Parapet railing for Sg Gatal                             | Supply,fabricate,hot-dip galvanising and installation of mild steel bridge parapet railing a distance of 652.4m   |
| 19 | Swee Joo Coastal Shipping Sdn Bhd        | Mild Steel Tank   | Supply and fabricate 5.50 length mild steel tank c/w 2 nos manhole including shot blasting to SA2½ and apply 2 coat epoxy paint   |
| 20 | H.S.G.J.V Engineering                    | Cadangan Penswastan Pembinaan Komplek 1 Division Dan Kem 4 Renjer Diraja di Muara Tuang, Kota Samarahan, Sarawak  | Supply,delivery, installation of underground tanks, pipeworks, submersible pumps, fuel dispenser, air compressor  |
| 21 | GA Chip Enterprise                       | Mild steel plate for fabrication of ship  | Supply of 22mm x 8' x 30' Grade ABS mild steel plate  |

|    |                                   |  |   |
|----|-----------------------------------|--|---|
| 22 | Borneo Geotechnic Sdn Bhd         | Hot-rolled steel reinforcement bar For MEMC Merdeka Project at Samajaya Free Industrial Zone, Kuching  | Supply and delivery of hot-rolled steel reinforcement bar to BS 4499 in standard Y25 x 12m length   |
| 23 | MEMC Kuching Sdn Bhd              | Hot-Rolled Steel materials for fabrication of 2 units Junior Furnace Platform for MEMC Merdeka Project at Samajaya Free Industrial Zone, Kuching | Supply of Hot-Rolled Steel materials for fabrication of 2 units Junior Furnace Platform   |
| 24 | Sinohydro Corporation (M) Sdn Bhd | 10,000LT capacity Mild Steel Skid Tank For Bengoh Dam Project  | Supply,fabricate and painting of 1.80m Ø x 4m length 10,000LT diesel tank c/w fitting and epoxy painting to external surface  |
| 25 | CH2M Hill Malaysia Sdn Bhd        | Package 405666-4017 - Architectural interior works for MEMC Merdeka Project at Samajaya Free Industrial Zone, Kuching                            | Package 405666-4017 - Architectural interior works for MEMC Merdeka Project at Samajaya Free Industrial Zone, Kuching - door Frame (Type A,B,C,D)   |
| 26 | MEMC Kuching Sdn Bhd              | Big daddy frame for MEMC Merdeka Project at Samajaya Free Industrial Zone, Kuching   | The supply,fabricate,painting,delivery and installation of the big daddy frame  |
| 27 | MEMC Kuching Sdn Bhd              | Staircase & frame of Poly Disp BBU for MEMC Merdeka Project at Samajaya Free Industrial Zone, Kuching  | Supply,Fabricate,painting,delivery and installation of Staircase & frame of Poly Disp BBU   |
| 28 | ALSTOM Hydro Malaysia Sdn Bhd     | Mild steel components for Bakun Hydroelectric Project  | Supply and delivery of hot-dip galvanising mild steel angles, plate and Grade 8.8 bolt & nuts   |
| 29 | Shorefield Sdn Bhd                | Hot-dip galvanised of mild steel pole accessories  | Supply of Hot-dip galvanised mild steel pole accessories  |
| 30 | Shorefield Sdn Bhd                | 9m & 11m hot-dip galvanised standard Low Tension Pole  | Supply of 9m & 11m hot-dip galvanised standard Low Tension Pole   |
| 31 | IMPISA (Malaysia ) Sdn Bhd        | GCB support structures for Bakun Hdyroelectric Project   | Design, supply,fabricate and hot-dip galvanising of GCB support structures  |
| 32 | Lim Aik Chai Electrical Sdn Bhd   | 9m steel pole 3.8mm thk  | Supply,fabricate and hot-dip galvanising of 9m steel pole 3.8mm thk   |
| 33 | Tung Hin Enterprise Sdn Bhd       | 9m Street Lighting Column  | 9m nominal mounting height planted galvanised tapered Octagonal steel Street Lighting Column c/w 3m single bracket arm (Base plate size 400 x 400 x 25mm thk with 400 x 100 x 25mm thk anchor plate and anchor bolts) |
| 34 | Lim Aik Chai Electrical Sdn Bhd   | 8m nominal mounting height planted galvanised tapered octagonal steel lighting column c/w 3m single& double bracket                              | 8m nominal mounting height planted galvanised tapered octagonal steel lighting column c/w 3m single & double bracket  |
| 35 | Shorefield Sdn Bhd                | 9m & 11m hot-dip galvanised standard Low Tension Pole  | 9m & 11m hot-dip galvanised standard Low Tension Pole   |
| 36 | Global Upline Sdn Bhd             | Supply of hdg highway guardrail for Stutong Link Road,Kuching (SLRK)   | Supply of hdg higway guardrail 4318mm overall length c/w 8pc splicing bolt and nut  |

|    |                                 |  |   |
|----|---------------------------------|--|---|
| 37 | Global Upline Sdn Bhd           | Mild steel bridge parapet for Upgrading of Jalan Kepayan, Kota Kinabalu, Sabah   | Supply,fabricate,hdg and installation of mild steel bridge parapet a distance of 1000m  |
| 38 | Citra Alti Sdn Bhd              | 11m and 9m Low Tensile Pole  | Supply,fabricate and hdg of 11m and 9m x 3.8mm thk LT pole  |
| 39 | PPES Works (Sarawak) Sdn Bhd    | Highway guardrail for Kuching-Serian Road Miles 15 Traffic Light intersection-Kuching Samarahan Division Boundary Miles 25 | Supply of hot dip galvanised highway guardrail  |
| 40 | Group Engineers (M) Sdn Bhd     | 9m Street Lighting Column for Samalaju Project   | 9m nominal mounting height 1.30m planted galvanised tapered octagonal Street Lighting Column c/w 1.50m bracket arm  |
| 41 | Global Upline Sdn Bhd           | Highway guardrail & accessories for Stutong Ling Road, Kuching (SLRK) Project  | Supply of hdg highway accessories including c-channel post,end wind (fish tail),median terminal,bull nose terminal,M16 hexagon & round bolt & nut                                       |
| 42 | Syarikat Alson Enterprise       | Highway guardrail & Accessories  | Supply of hot-dip galvanising highway guardrail 4318(effective length 4000mm) overall length c/w 8pcs splicing bolt & nut   |
| 43 | Global Upline Sdn Bhd           | 10m Street Lighting Column for Upgrading of Jalan Kepayan,Kota Kinabalu (UJK) Project                                      | 10m nominal mounting height flanged hot-dip galvanising and painted round Decorative Steel Street Lighting Column complete with base plate and anchor bolt c/w single arm or double arm |
| 44 | Hexacomm Engineering Sdn Bhd    | 4m and 10m mounting height Street lighting column  | 4m nominal mounting height hdg mid-hinges flange mounted tapered oct Steel street lighting column c/w bracket arm and lighting arrestor base plate                                      |
| 45 | R.T Cargo Sdn Bhd               | Mild steel plate   | Supply and hot dip galvanising of 3mmthkx 8' long mild steel plate  |
| 46 | Lim Aik Chai Electrical Sdn Bhd | 8m Steel Street Lighting Column  | 8m nominal mounting height planted galvanised tapered Octagonal Steel Street Lighting Column c/w 3m double arm bracket  |
| 47 | Lim Aik Chai Electrical Sdn Bhd | 6m Street Lighting Column  | 6m nominal mounting height 1.30m planted galvanised tapered octagonal steel street lighting column c/w short spigot   |
| 48 | Daya Kuasa Suria Sdn Bhd        | 9m hot-dip galvanised standard Low Tension Pole (Type 9S)  | 9m hot-dip galvanised standard Low Tension Pole as per SESCO Specification  |

## Project List 2009

| PROJECT NO. | CLIENT                            | CONSULTANT   | PROJECT   | GENERAL DESCRIPTION OF WORKS   |
|-------------|-----------------------------------|--|---|--|
| 1           | F&NCC Beverages Sdn Bhd           | CHT Jururunding  | Proposed Construction and Completion of Proposed Infrastructural works on Lot 583, Block 4 Matang Land District for Messrs Borneo Springs Sdn Bhd, Matang, Kuching. | Civil and structure construction and any other works not included in the above but deemed, necessary for the completion of the work or as shown in the drawings.   |
| 2           | Hock Seng Lee Bhd                 | Hashim & NEH (Sarawak) Sdn Bhd   | Cadangan Pembinaan Dan Penyiapan Dewan Utama Universiti Malaysia, Sarawak (UNIMAS), Kota Samarahan  | Structural Steel Roof Framing for main Great Hall, Banquet Hall, Curtain Wall, Mai Orchestra & Gemilang Stage.   |
| 3           | Swee Joo Coastal Shipping Sdn Bhd |  | Supply and Fabricate 20 Single Compartment Mild Steel Tank Container c/w 2 nos manhole including shot blasting to SA 2½ and supply 2 coats epoxy paint              | ISO Tank for transportation of palm oil and chemical.  |
| 4           | Asian Forestry Company            |  | Design, Supply, Fabricate and Hot Dip Galvanising of 4.00m width steel truss bridge (3M modular construction) as per manufacturer details                           | Design and Supply of 30M Maximum Span Modular Bridge.  |
| 5           | Jabatan Kerja Raya Sarawak        | Jurutera Perunding Wahba Sdn Bhd<br><br>Jurutera M&E Konsult (Sarawak) Sdn Bhd | Construction and Completion of proposed Samalaju Water Supply, Bintulu Division, Sarawak.   | <ul style="list-style-type: none"> <li>• Pipe Laying for MSCL pipeworks</li> <li>• Chamber, pipe support, anchor block, thrust block &amp; reinstatement of existing works</li> <li>• Earthworks for raw water intake and water treatment plant</li> <li>• Construction &amp; Completion of Raw Water Intake Facilities</li> <li>• Construction &amp; Completion of Water Treatment Plant</li> <li>• Pipe laying for HDPE pipeworks</li> <li>• Mechanical &amp; Electrical installation</li> </ul> |

## Project List 2008

| PROJECT NO. | CLIENT                             | CONSULTANT                          | PROJECT   | GENERAL DESCRIPTION OF WORKS  |
|-------------|------------------------------------|-------------------------------------|---|---|
| 1000P01-08  | Moh Heng Co Sdn Bhd                | United Consultants                  | The Construction and Completion of the Proposed Double Storey Office Cum Factory at Muara Tebas Land District   | Construction and Completion of Warehouse / Factory Building, including all associated Architecture, RC works, M&E Services and Infrastructure Works |
| 1000P02-08  | Asia Depot Sdn Bhd                 | Arkitek Mok JY                      | Proposed 2 Storey Office & 1 Storey General Warehouses at Lahad Datu, Sabah   | Construction and Completion of Warehouse / Factory Building including all associated Architecture, RC works, M&E Services and Infrastructure Works  |
